START ON TRAIL OF FOOD PIRATE.

Federal Sleuths of Southland Asks Public to Aid.

O'Connor Says Department of Justice in Earnest.

Hoarder and Profiteer in for Out-Season Grilling.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Aug. 7.—Orders to proceed "immediately and vigorously" against all food hoarders in Northern California were received here today by Mrs. Annette A. Adams, United States District Attorney, from Atty.-Gen. Palmer.

As the result of instructions received yesterday from A. Mitchell Palmer, United States Attorney-General, by United States Attorney O'Connor, the entire machinery of the Department of Justice in the district, which includes Southern California, was yesterday directed to an extensive inquiry into the high cost of living and to probable prosecutions for food hoarding, profiteering and violations of the anti-trust law.

Following the receipt of positive instructions from the Attorney-General, Mr. O'Connor announced that today he will call the attention of the Federal grand jury to such facts as are available for prosecution, and all the machinery of the Federal grand jury will co-operate to bring about conditions which are designed to result in an immediate reduction in the cost of living. The inquiry and prosecution, it was announced, will be wide in scope, embracing all the necessities of life. No one, it was asserted, "while prices were as high or higher, apparently means that they are being withheld speculatively for a world demand which is not now here, but which is expected when hunger-impeled strikes secure higher wages with which higher food prices can be paid."

To show that the "law of supply and demand is not working," the commission listed eight staple foods in stocks withheld from the market, ranging from 3 to 25 per cent. over stocks on June 1, 1918, and in each instance there was shown to have been a substantial advance in the wholesale price during that period.

COMPARISONS MADE. Stocks of frozen fowls showed a maximum increase of 293 per cent., and the price, despite this fact, increased 3 cents a pound. Wheat stocks showed an increase of 174 per cent., with an increase in price of 31 cents; flour stocks, an increase of 21 per cent., with an increase in the price per barrel of nearly \$2; egg stocks, an increase of 5.5 per cent., with an increase in price of 1 cent; and butter stocks, an increase of 129 per cent., with the price soaring 12 cents above last year's figure. Salt beef, canned salmon and canned corn completed the items in this table, the latter showing an increase of 91 per cent. in price, with an increase in price of 1 cent. Those not listed in the above table, stocks of rice increased 348 per cent.; barley, 307 per cent.; buckwheat flour, 237 per cent. and canned tomatoes 282 per cent.

Increases in other cold storage stocks were shown as follows: Cured beef, 193 per cent.; frozen lamb, 109 per cent.; frozen pork, 109 per cent. and pickled pork 10 per cent.

DIFFER ON OIL LEASING BILL. [BY A. P. DAY WIRE.] WASHINGTON, Aug. 7.—The Senate Public Lands Committee failed to reach a final agreement today on the oil leasing bill and adjourned until Wednesday. The principal difference was said to be over the royalty section.

Take Bell-Ams Before Meals. It is a food that is perfect for babies. It is a food that is perfect for babies. It is a food that is perfect for babies.

WELCOME SAILORS to the Land of Peace and Plenty

Here Is Your Opportunity STECKEL STUDIOS, (Inc.)

Another Enlarged Local Industry

The preferred stock of the STECKEL STUDIOS, Inc., is issued under the California State Corporation laws. It has been carefully investigated by the State authorities. It is amply secured, properly safeguarded and offers a sound, reliable investment earning 7 per cent. cumulative dividends.

\$30,000 of Preferred Stock Par Value \$100

Has been issued and is being sold, the proceeds to be used in erecting and equipping a large CENTRAL FINISHING PLANT employing 50 people and in establishing ten or more ASSOCIATE STUDIOS in San Francisco, San Diego, Riverside, Santa Barbara and other important cities. The establishment of a Central Finishing Plant means economy in production and a uniform high quality of work. The Associate Studios will steadily increase the volume of work handled and larger volume means lower costs and greater profits.

Earnings

At any time during its history, covering thirty years, the Steckel Studio could easily have paid 7% AND BETTER. In the past year its earnings were more than seven times greater than dividend requirements on \$30,000 of 7% preferred stock. The preferred stock also participates with the common in the profits of the corporation so that instead of receiving the required 7% and no more, holders of preferred stock last year would have earned 18% on their investment. When the new plans providing additional studios earning additional revenues are carried out, it is reasonable to believe that the preferred stock will earn dividends of 20% or more.

\$100 Denominations

This opportunity to share in all the earnings of a profitable local industry is open to the small as well as the larger investor. Certificates are being issued in denominations of \$100 and any multiple thereof. If you have anywhere from one to five hundred dollars or more to invest you can hardly do better than to invest it here at home under the supervision of a man whom everyone knows to be honest and able, and where you can keep an eye on it yourself.

THIS IS THE FINAL ANNOUNCEMENT OF AN INVESTMENT OPPORTUNITY YOU CANNOT AFFORD TO OVERLOOK. DO NOT DELAY LONGER. COMMUNICATE AT ONCE WITH—

Sherman Danby, Treas. STECKEL STUDIOS, Inc. Steckel Studios Bldg., 336 1/2 South Broadway, Los Angeles, Cal.

SAN FRANCISCO TO CURB WILD ANIMALS.

[EXCLUSIVE DISPATCH] SAN FRANCISCO, August 7.—Chief of Police White made a move today to protect citizens of San Francisco from wild animals. Numerous recent complaints have reached police headquarters relative to persons keeping pet lions, bears, kangaroos and other inhabitants of the wilderness and jungle, right in the heart of San Francisco in their own back yards, in fact. And the horrible part of it all is the complaints recited, they are kept in places where they can break out at will.

So today Chief White wrote a letter to Chief Lynch of Oakland, asking that he secure all the information he can from an Oakland amusement park on just what is required to make a strong enough lion cage.

"You see there is no regulation or ordinance that deals with the keeping of wild animals in cities, and I am kind of helpless on that point," said White, "so the best I can do is to see that they be kept in a strong cage strong enough to hold such pets."

For Full Independence of Ireland. [BY A. P. DAY WIRE.] BUFFALO (N. Y.), Aug. 7.—Early today after a session extending from last night, the peace convention of the Knights of Columbus unanimously adopted a resolution calling for the full recognition of the independence of the Irish nation.

FEDERAL BUREAU IS HEADED BY WOMAN.

[BY A. P. DAY WIRE.] WASHINGTON, Aug. 7.—Appointment of Miss Mary Anderson as director of the Woman-in-Industry service of the Department of Labor announced today by Secretary Wilson brings a trade union woman for the first time into government office as a Federal bureau chief.

FRIDAY MORNING.

RUMANIA IS GIVEN ULTIMATUM.

United States Demands Withdrawal of Severe Armistice Terms to Hungary; Peidl Government Overthrown, Archduke Joseph Forms Cabinet.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Aug. 7.—A dispatch from Vienna by way of Copenhagen to the Exchange Telegraph Company says that the United States has sent an ultimatum to Rumania demanding withdrawal of the severe armistice terms presented to Hungary, on pain of a cessation of the shipment of food to Rumania.

PARIS, Aug. 7.—Herbert Hoover, head of the Inter-Allied relief commission, has stopped all relief supplies on their way to Budapest, taking the position that he would be unwarranted in letting supplies reach Hungary while the Rumanians are now depriving the people of foodstuffs.

The supreme council has sent a note to the Rumanian authorities begging them to conform to the demands of the Entente and not to embarrass by previous decisions the work of the Inter-Allied investigating commission sent to Budapest.

Members of the American peace delegation said this evening that there are no American troops now in Hungary, and that none will be sent there. It was added that the only Americans in the Hungarian capital are officers, and possibly a few soldiers engaged in relief work.

PARIS, Aug. 7.—The supreme council of the Peace Conference held a meeting today to consider the Rumanian situation, which is giving the conference great uneasiness, as mandates from that body to the Rumanian government.

The situation has upset the entire communications system of Central Europe, making it impossible to forward supplies to feed the starving populations.

The Peace Conference was advised today that the Hungarian Cabinet, headed by Jules Peidl, had been overthrown and that Archduke Joseph had established ministry in Budapest.

Rumanian forces are reported to have crossed into the business section of Budapest, seizing supplies for shipment to Rumania.

The message to the conference regarding the Cabinet stated that at 8:30 p.m., yesterday, the members of the Social Democratic government, while they were in session at the national palace, were arrested by Hungarian police. The coup d'etat was carried out without disorder.

The Social Democrats of Hungary still hope that the Allied and associated governments will not tolerate the Rumanian control of the country or that of a government by the reactionary grand duke, additional measures will be taken.

Members of the Rumanian peace delegation reported that they notified the Hungarians yesterday that the terms of the armistice were not acceptable to the Rumanian government, and that they would not accept the armistice unless it was modified so as to allow the Rumanian army to cross the Danube and occupy Budapest.

The Rumanian army is reported to be on the march, while live and armed implements and rolling stock are being sent to Rumania. Although Budapest is on the verge of starvation, the Rumanian government has refused to permit the Rumanian army to enter the city.

The Rumanian government has refused to permit the Rumanian army to enter the city, and has refused to permit the Rumanian army to enter the city.

BIG SHIP LIMPING
Broken Propeller Put "Made" of Fleet for a While.
WASHINGTON, Aug. 7.—The battleship Rhode Island, flagship of the Pacific Fleet, is being towed to the Canal Zone, with a broken propeller shaft. The battleship North Carolina has the disabled ship in tow.
Dispatches to the Navy Department late today said the propeller shaft of the Rhode Island, when she was about 675 miles off Balboa, en route to the Canal Zone, was broken by a collision with a small vessel.
The Rhode Island is being towed by the battleship North Carolina, which has the disabled ship in tow.
The Rhode Island is being towed by the battleship North Carolina, which has the disabled ship in tow.

DOES IN FRANCE
LONG BEACH, Aug. 7.—E. R. Maple, 1020 East Ocean boulevard, died in France, according to word received here. His last letter home stated he would be released from service and expected to return to America. His younger brother, Corp. C. Maple, is now en route home. He leaves a widow, who resides in Long Beach.

ARMED POLICE SEEK TO CHECK ATTACKS RESULTING FROM STREET-CAR STRIKE
NEW YORK, Aug. 7.—With three persons wounded by revolver bullets, seven others so badly beaten that they may die and fifty or more seriously injured in scores of incidents, the second day of the Brooklyn street-car strike came to a close with little indication of an end to the struggle.
Service on all lines was suspended for the night at 9 p.m. Late in the day Mayor Hylan, who had made futile efforts to get the warring parties together in conference, announced he would attempt to obtain arbitration through the Federal courts, but Lindsey M. Garrison, Federal receiver for the Brooklyn Rapid Transit Company, reiterated his emphatic refusal to recognize the union officials.
In the meantime subway, surface and elevated lines of the companies are virtually paralyzed and the borough of Brooklyn, with more than 2,000,000 inhabitants, is garmented at every strategic point by heavily-armed police in anticipation of further violence.
The rush hour scenes of last night when the thousands who live in Brooklyn and work in Manhattan endeavored to reach their homes by almost anything that moved on wheels was duplicated tonight.

ACTORS' STRIKE KEEPS THIRTEEN SHOWS DARK
NEW YORK'S LEADING THEATERS AFFECTED BY WALK-OUT OF PLAYERS.
[BY A. P. NIGHT WIRE]
NEW YORK, Aug. 7.—Thirteen of New York's "leading" theaters were closed tonight by an actors' strike, called an hour before the curtains were to go up, by the Actors' Equity Association.
More than 15,000 theatergoers were disappointed.
The following theaters were affected:
Broadhurst, Forty-fourth Street, Booth, Shubert, Gaiety, Astor, Prince, Republic, Lyric, Selwyn, Cohan and Harris, Playhouse and Knickerbocker.
The strike order followed close on the heels of rejection by the Producing Managers' Protective Association of an ultimatum demanding recognition of the Actors' Equity Association, which recently was affiliated with the American Federation of Labor, extra compensation for performances in excess of eight a week, and continuation of the standard "fourty-four" form of contract in use since 1917.
Officials of the managers' association have announced that they are "ready for a fight" and that steps have been taken for an organization of the "legitimate" vaudeville, burlesque and moving picture interests to combat the efforts for unionization of stage and screen artists.
Joseph Webber, president of the American Federation of Musicians, indicated that a meeting of the

JOHNSTON BOOSTED BY DEMOCRATIC LEADER
SANTA BARBARA, Aug. 7.—In the opinion of Roger Sullivan, a Democratic leader of Illinois, who is visiting here, Senator Hiram Johnson is a potent factor in national politics. "So far as I can determine," said Mr. Sullivan today, "Senator Johnson has made himself felt in the Middle West regions as well as the eastern coast." Asked if President Wilson would consider a third term nomination, Mr. Sullivan said: "There is no doubt but that it would be a risky proposition for any man to run for a third term, but I don't see how the President could do otherwise in case the League of Nations question is still hanging fire at that time. The League of Nations question is an indissoluble factor in connection with the possibility of President Wilson as a 1920 nominee."
That William G. McAdoo, Attorney General and Gov. Cox of Ohio, are considered potential Presidential material was a remark made by Mr. Sullivan. The visitor declared that the manner in which the present Congress handles the industrial bills before it will prove an active element in next year's campaign. Mr. Sullivan further intimated that the railroad administration is the hinge of the industrial question in so far as transportation is the heart of all trade, a problem which must not be overlooked or underestimated when voting time comes round.

AMERICANS MAY LEAVE COBLENZ.

May be Desirable to Quarter Larger Army There.

All Occupying Armies Under Command of French.

Doughboys to be Dressed up in New Serge Uniforms.

(BY CABLE-EXCLUSIVE DISPATCH.)

COBLENZ, Aug. 7.—(Delayed.)—Brig-Gen. Fred W. Sladen has been assigned to command of the American forces, which will remain on the Rhine during the years which have been given Germany to fulfill the terms of peace. He has been leader of the Fifth Infantry Brigade of the Third Division since March, 1918, and was with it through the war.

Where American troops will be stationed along the Rhine has not been announced. The French have suggested that if the United States is to be represented in the occupying army by less than 800 soldiers, Coblenz might be too large a city for them to hold, especially as the concentration of "doughboys" is desirable for a much larger French army. Gen. Pershing, when here a few days ago, said that a decision regarding the stationing would be made at Paris, and announced that there is reason to believe that during the period of American occupation, the Stars and Stripes will continue to float over the fortress Ehrenbreitstein, across the river.

UNDER FRENCH COMMAND.

It has been agreed that because of the preponderance of French troops in Germany, both English and American forces shall be under French command. When the turn will be directed by the inter-allied Rhine and high commission. The composition of the American force which Brig-Gen. Sladen will command is announced as follows: Eighth Infantry, Second Battalion of the Sixth Field Artillery, two troops of cavalry, two companies of the Seventh Machine Gun Battalion, completely motorized; one truck train, four companies from the First Supply Train, one mobile ordnance repair shop, increased in strength for the repair of motor transportation, and the field signal battalion, less 283 men; Co. A of the First Engineers; Field Hospital No. 18, acting camp hospital in quarters now occupied by Evacuation Hospital 27; Evacuation Ambulance Company 26; one military police company, Quartermaster Corps, bakery unit, ordnance detachment and a number of small units.

Quarters for the men will be furnished similar to quarters in permanent garrisons in the States. To improve the appearance of the garrison on the Rhine a serge uniform, and gaiters shoes will be issued to each man for dress.

The American forces in Germany will have their base of supplies at Antwerp, where about 100 officers and men will be stationed. At Antwerp supplies will be loaded into barges, which will be towed up the Rhine to Coblenz.

Evacuation Hospital No. 49 closed today, and the personnel, including sixty nurses, left for Brest.

TWO AVIATORS KILLED IN FALL.

(BY A. P. NIGHT WIRE.)

EAGLE PASS (Tex.), Aug. 7.—Lieut. W. H. Tilton, of Minneapolis, Minn., stationed at Ellington Flying Field, Houston, Tex., and E. L. Davlin, of the Texas Department of Agriculture, were killed instantly and their bodies burned when their airplane fell 100 feet here today.

The plane was being used by the agricultural department to seek out cotton fields affected by the pink boll worm.

HOW TO REMOVE CORNS AT HOME

You can Remove Them in Your Own Home Without Pain or Danger.

Many people knowing it is both painful and dangerous to cut a corn or callous, continue to suffer from them not knowing how easy it is to get rid of them.

You can remove them in the privacy of your own home without pain or danger. Simply get a small bottle of Cactus Corn Compound, at any drug store, and paint the corn with it. In a few days, the corn will come off without any pain, and no sore feet to interfere with your work.

A bottle of Cactus Compound costs only a few cents and is enough to take off dozens of corns. Full directions come with each bottle. Any druggist will refund your money if you are not satisfied.—(Adv.)

GIRLS' ROUND ROBIN BRINGS WAGE RAISE.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 7.—Thirty-eight girls employed as clerks and stenographers in the offices of the State Railroad Commission here recently signed a "round robin," asking that a plea for an increase in wages be given consideration in view of the high cost of living. Today they were notified that a 10 per cent. increase in pay had been granted.

NEGROES RETURNED TO WORK AT STOCKYARDS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Aug. 7.—Guarded by State troops, the police and deputy sheriffs, 10,000 negroes who have been prisoners in their homes for nearly two weeks because of race riots, returned to their work in the plants of the packing companies at the stock yards today.

A majority of the negro workmen were transported to the stock yards from the "Black Belt" in special elevated trains.

M. F. Wegener, financial secretary of the stockyards labor council, declared that 4750 white employees had walked out at the different packing plants at noon and that the number was growing hourly.

The men, he said, had quietly left their places, refusing to work with negroes under police protection, but that no violence had been reported.

RED TAPE IS SLASHED IN RACE WAR URGENCY.

(BY A. P. NIGHT WIRE.)

ILLINOIS ASKS GOVERNMENT FOR EQUIPMENT FOR STATE TROOPS, GETS IT.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 7.—Gov. Lowden of Illinois, to be prepared for any race riot emergency that might arise in Chicago, called upon the Federal government today for assistance, and got it.

The Governor believes in preparedness and so quickly convinced the President and War Department of the necessity for action, that government red tape was slashed in unprecedented manner and tonight munitions, arms and equipment for Illinois State troops on guard in Chicago are enroute west.

Lieut.-Gov. Oglesby brought Gov. Lowden's appeal for adequate military equipment to cope with riots to Washington early in the day and before noon had the consent of the War Department to supply everything required and an executive order from the White House which removed all time consuming barriers to shipment of the supplies.

The Lieutenant-Governor came armed with a letter from Gov. Lowden to Secretary of War Baker in which the Governor described the situation in Chicago and the necessity for troops being held there to allay disturbances between the races.

It would be unwise, he said, for the troops not to be ready for any emergency and inasmuch as they were lacking in equipment, he urged that the War Department come to Illinois' assistance.

Lieut.-Gov. Oglesby found that Secretary Baker was out of town but he took the urgent matter to Mr. Tumulty, secretary to the President and Gen. March, Chief of Staff of the army, and before leaving Washington this evening the Illinois official had the satisfaction of seeing the military supplies for Illinois troops ready for shipment.

The government granted every request which Gov. Lowden made, said Mr. Oglesby, "and did it in short order. I did not trip on red tape once, and the supplies are on their way."

REPUBLICANS SEEK REDUCTION IN TAXES.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 7.—As a means of reducing taxation, a resolution was introduced by Senator McCormick of Illinois in the Senate and Representative Campbell of Kansas in the House today requesting the President to present to Congress reductions in estimates for the next fiscal year which would decrease taxes by \$1,000,000,000 annually.

The resolution, drafted after consultation by a number of Republican leaders, was as follows:

"To the end that the cost of government and the amount of taxation may be reduced,

"Be it resolved, that in submitting estimates for the next fiscal year for the expenses of the government the President is hereby requested to submit to Congress not later than December 1, 1919, a statement showing:

"First, such reduction of the estimates for expenditures for the fiscal year ending June 30, 1921 (exclusive of estimates for the national defense, pensioning and war insurance) as will permit a reduction of taxes by the sum of at least \$1,000,000,000 annually.

"Second, the annual receipts of the government from all sources for the fiscal years ending June 30, 1919, to June 30, 1921, inclusive, together with an estimate of the revenues and incomes from all sources for the fiscal years ending June 30, 1919, to June 30, 1921, inclusive, and the estimated expenditures for the fiscal year ending June 30, 1920."

Over-subscribes Certificates.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 7.—The Twelfth Federal Reserve District has over-subscribed by \$1,000,000 its \$25,000,000 quota in series "A" treasury securities dated August 1 and maturing January 2, 1920, the district bank announced here today.

KELLOGG ASKS LEAGUE TRIAL.

Minnesota Senator Declares Covenant Constitutional.

Says Resubmission Unnecessary with Reservations.

Pittman Urges Peril of Defeat by Quibbling.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 7.—Debate developed over the League of Nations in the Senate today when Senator Kellogg, the Republican leader, said he hoped the assent of the other powers would be specifically required in any reservations adopted.

Senator Pittman, Democrat of Nevada, said he was "absolutely in favor of" a list of reservations suggested by Senator Kellogg, Republican, Minnesota, in a prepared speech this morning, but that he would rather incorporate them in a separate resolution.

Maintaining that if incorporated in the ratification of the resolution, the reservations would require resubmission of the treaty, Senator Pittman said the question was "whether the danger of defeating this whole treaty is not greater than the danger involved in its acceptance with some ambiguities."

Senator Brandegee, Republican of Connecticut, declared the only reservation that would be effective against Article X of the league covenant "would be one by which we decline to be bound by that article" and that a separate resolution would be "absolutely false."

A like position was taken by Senators Borah, Republican, Idaho, and Poindexter, Republican, of Washington. Mr. Borah declaring that no programme of interpretative reservations "ever will be put through the Senate unless the Democrats put it through."

KELLOGG'S VIEWS.

In the opinion of Senator Kellogg provisions of the League of Nations covenant imposing obligations on Congress do not violate the American Constitution and the covenant can be ratified with interpretative reservations without requiring resubmission to the other nations.

Senator Kellogg said he was "willing to try" the league, though he did not believe it would permanently prevent war. The speaker said there was ample precedent for various guarantees in the covenant which have been objected to on the ground of constitutionality.

Many precedents, Mr. Kellogg said, made it "perfectly clear that a resolution of the Senate clearly reserving American rights can be made without destroying the binding effect of the ratification."

INTERPRETATION PROPER.

"The proponents of the league," he continued, "claim that the Monroe Doctrine is excepted from the jurisdiction of the council and the assembly of the league. If this is true, it would seem entirely proper for the Senate to declare its interpretation of this clause."

"Article XV would seem to confer upon the council jurisdiction to determine whether a particular question which may arise is or is not by international law solely within the jurisdiction of a party to the dispute, as, for example, questions relating to immigration, coastwise traffic, tariff and other matters."

Many seemed, therefore, the duty of the Senate to declare its understanding that these questions are solely within the jurisdiction of the United States.

"Respecting Article X the question is somewhat different. I believe there should be some reservation constraining this clause in such a way that it shall be absolutely clear and certain that the function of the council is simply to serve in an advisory capacity, so that the other signatory powers will thoroughly understand that the Congress of the United States has the sole and exclusive power to declare war."

GOMPERS OPPOSED TO PACT RESERVATIONS.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Aug. 6 (delayed).—Samuel Gompers arrived in Paris today from Amsterdam and will confer this week with French labor leaders. Then he will go to England for a week, returning to the United States.

"Nobody is entirely satisfied with the labor convention in the peace treaty," Mr. Gompers said, "but it is a step in the right direction and we can always improve upon it. It is not within the province of the labor conference to try to amend the peace treaty now or to make reservations regarding the peace convention embodied in the treaty."

Mr. Gompers says the next labor reunion will be held in November, instead of October. He expects to confer with Frank Polk regarding the labor situation.

CARRY SIERRA WATER TO SAN JOAQUIN PLAIN.

(BY A. P. NIGHT WIRE.)

TULARE, Aug. 7.—Plans for the conservation of all water supply sources feeding the irrigation districts of the San Joaquin Valley region are to be considered at a conference to be held here on September 5 and 6, it was announced tonight by representatives of the Tulare Board of Trade. The conference will be attended by representatives of civil, commercial and Federal agencies throughout the valley.

The proposed project would call for a hydraulic survey of the Sierra Nevada Mountains.

The development of Tulare county under existing irrigation conditions, according to proponents of the water conservation plan, practically is nearing its limit.

JAPANESE IN PEKING WARNED TO STAY IN.

(BY CABLE AND ASSOCIATED PRESS.)

PEKING, Monday, Aug. 4.—The Japanese residents of Peking have been warned to remain indoors at night. The warning was given because the ill feeling among the Chinese over the recent incident at Kwang Chiao, Peking, Manchuria, where Japanese and Chinese troops clashed with numerous fatalities.

How to Find the UNITY STORE in your neighborhood

You will know the UNITY Store in your neighborhood by the blue and gold UNITY sign on the window.

But even if there were no sign you would be able to recognize it because

- it is the most progressive grocery in your vicinity.
- it is hustling, energetic and gives good service.
- it handles pure, wholesome food products.
- it sells you better goods for less money.
- it is the home of UNITY Brand products—the best on the market.
- it means market basket economy for the housewife, and for these reasons, it is the busiest, best patronized grocery of all in your neighborhood.

All your friends trade at the UNITY Store. Follow the crowd.

PRESIDENT ACTS IN RAIL STRIKE

Cummins Letter Gives Wilson a Free Hand.

Senate Committee Refuses Enter Controversy.

Walkout Delays Settlement, Executive Declaration.

(Continued from First Page.)

entive offices. In this letter President Wilson said that no attempt at settlement of the grievances of the railroad men will be attempted until the men now on strike go back to their jobs. He intimates that any further attempts at strikes will be met by the government.

The chief obstacle to a decision has been created by the fact that the railroad men have gone out on strike and repudiated the authority of their officers at the very moment when the entire responsibility of the railroad workers of the country is to go back to work and remain at work until such time as the government makes its final conclusions both as to wages and rates.

The President said that the letter sent him by Sen. E. C. Cummins "had me free to deal as I think best with the difficult question of the wages of the railroad men."

With fourteen unions having made increased wage demands and all of their officers on their way to a conference to be held here Saturday, and with two of the unions of the railroad operatives now engaged in taking a strike vote it is apparent that the Railroad Administration is face to face with the greatest crisis since its creation. Assuming that a general strike can be avoided by the stern requirement of the President in his letter the inevitable result is an increase in wages and a corresponding burden to the shippers and consumers of the country.

Even with the tremendous cost of the government in the high cost of living inquiry no important reduction in prices are expected by economic analysts on the part of the director-general to meet demands for additional wages will certainly result in a demoralization of the whole railroad operation in the United States.

PLUMB IS RADICAL.

In view of the highly inflamed sentiments made by Glenn B. Plumb on the stand today before the House Interstate Commerce Committee when he charged that the alleged wrecking of the New Haven, Alton and other roads was but a part of a systematic attempt on the part of capital to loot all the great railroads of the country, many here tonight believe that the administration will have great difficulty in preserving the peace of the country.

The officers of the fourteen unions which have made wage increase demands are to confer Saturday on the alleged process of Plumb's sensational statement. With them at the conference are a number of publicists and socialistic agitators who have been active in forcing wage settlements of public service and other corporations during the war.

Many see a struggle between the elements of the Socialism and Communism to force the administration to concessions in wages that will load another \$1,000,000,000 of wages on an already overpaid railroad system for which either the transportation or the country must be called upon to foot the bill through increased rates or from the treasury to meet the striking railroad deficit.

The effect of the President's decision, it was believed, would be to

PRESIDENT ACTS IN RAIL STRIKE.

Commits Letter Gives Wilson a Free Hand.

Senate Committee Refuses to Enter Controversy.

Without Delays Settlement Is Executive Declaration.

(Continued from First Page.)

President Wilson said that he did not intend to attempt to settle the rail strike by force of arms. He said that he would leave the matter to the railroads and the government, and that he would not interfere with the railroads in their efforts to maintain the flow of traffic.

The President's action was a surprise to many, as it was generally expected that he would take a more active role in the strike. However, his statement was seen as a move to defuse the situation and to allow the railroads to handle the matter on their own terms.

The Senate Committee on Commerce and Labor, which was holding hearings on the strike, also expressed its support for the President's position. The committee members stated that they would not interfere with the President's actions and that they would continue to monitor the situation.

The railroads, on the other hand, were pleased with the President's decision. They argued that the strike was a matter for the courts and the government, and that the President's intervention was unnecessary.

The strike itself had been in progress for several weeks, with the railroads claiming that the strikers were blocking the flow of traffic and causing significant economic damage. The strikers, on the other hand, claimed that they were simply demanding better wages and working conditions.

The President's decision to take a hands-off approach was seen as a test of his leadership. Some critics argued that he was being too weak, while others praised him for his restraint.

The situation remained tense as the strike continued. The President's decision was expected to have a significant impact on the outcome of the strike, and the nation was watching closely.

URGE MILITARY TRAINING LAWS.

Gen. March Wants Youths to be Prepared.

Course Proposed Would be for Three Months.

Senator Johnson Objects to Standing Army Plan.

(By A. P. MOTT WIRE.)

WASHINGTON, Aug. 7.—The permanent military policy recommended by the War Department, involving under revised estimates, a standing army of 574,000 and universal military training of youths of 19 years, would cost the country \$300,000,000 annually, Gen. Peyton C. March, chief of staff, today told the Senate Military Subcommittee considering army legislation.

Gen. March will appear again tomorrow. Secretary Baker will present his views to the committee next week and Gen. Pershing and other experts later.

Of the \$300,000,000 which the programme would cost, Gen. March said, \$78,660,000 would be required for the upkeep of the proposed standing army while three months intensive training for 19-year-old youths would cost \$144,770,000.

The chief of staff asserted that the present time was most appropriate for inauguration of a system of universal military training, which he said would be a military camp where the youths would be trained for three months.

Gen. March said that the youths would be trained in a military camp where they would be taught the fundamentals of military training, including drill, marching, and the use of arms.

He said that the training would be so intensive that the youths would be able to serve in the army if called upon to do so.

Senator Johnson, however, objected to the plan, arguing that it would create a standing army and that it was unnecessary.

He said that the country did not need a standing army and that the proposed training would be a waste of money.

The committee will continue to hear testimony on the matter and is expected to report back to the Senate soon.

WAGE QUESTION UP TO HINES.

Director-General of Railroads is Instructed to Deal with Employees' Representatives When Strike is Called Off.

(By A. P. MOTT WIRE.)

WASHINGTON, Aug. 7.—Following two conferences with Walter D. Hines, Director-General of Railroads, and the receipt of a letter from Senator Cummins, chairman of the Senate Committee on Interstate Commerce, in which the Senator informed the President that in the opinion of the committee the President has full power to act in the matter of wages to railway employees as well as to increase rates, President Wilson today afternoon addressed a letter to Director-General Hines instructing him to proceed to settle the wage question.

In his letter the President states that he can deal only with the representatives of the employees and that negotiations will be at a standstill until the men have returned to work.

The President's letter follows: "My Dear Director-General: I am just in receipt of the letter from Senator Albert E. Cummins, chairman of the Senate Committee on Interstate Commerce, which set me free to deal as I think best with the difficult questions of the wages of certain classes of railway employees, and I take advantage of the occasion to write you this letter in order that I may, on both the public interest and in the interests of the railroad employees, make the present situation as clear and definite as possible.

I thought I should not rest upon this matter within the brief period of government control remaining without their action in order that I may, on both the public interest and in the interests of the railroad employees, make the present situation as clear and definite as possible.

Consider on merits. The question of the wages of railroad employees was submitted to the board of arbitration, and the board has recommended a 10% increase in wages.

The board's recommendation was based on the fact that the cost of living had increased significantly since the last time wages were set.

The President's decision to let the board's recommendation stand was seen as a move to settle the strike and to get the railroads back to work.

The strike had been in progress for several weeks, and the country was suffering from the disruption of the railroads.

The President's decision was expected to have a significant impact on the outcome of the strike, and the nation was watching closely.

DOROTHY DIX TALKS

The Secret of Charm.

BY DOROTHY DIX.

A young girl of 15 writes me that she is homely; that she has no accomplishments; that she cannot talk interestingly, and is bashful, and self-conscious, and she wants to know what she can do to make herself attractive and popular.

My advice to such a girl is, first, to cheer up, and to remember that she is at the ugly duckling age, and that many an ugly duckling develops into a swan. Also, I would remind her that good looks are largely a matter of vanity, and that the reason that ugly women are so ugly is mainly because they do not think that it is worth while to try to beautify themselves.

If you will observe you will see that a beauty takes ten times the trouble with her appearance than the plain woman does, yet heaven knows the plain woman needs the assistance of all of the arts of the toilet more than does her beautiful sister. The beauty will take hours in combing her hair and see that every lock is just in place. The ugly woman will give up her hair a lick and a promise, and screw it into any sort of an unbecoming knot at any sort of an angle, and let it go at that.

The beauty will take infinite pains in picking out just the shade and style of clothes that emphasize her every good point. The homely woman will buy garments so unsuitable, and that turn such a searching light on her defects, that they look as if her worst enemy had picked them out.

Good looks are mostly good clothes. When we speak of a pretty woman we have not so much reference to her classical features or pink and white complexion as to the generally pleasing effect to the eye that she presents, and so I would urge any girl who realizes that nature did not enter her into the living-picture class to make a profound study of the art of dress.

Also I would call the attention of a young girl to the fact that she can practically make her figure what she wants it by taking the proper exercise and eating the right food, and that no girl who is healthy and strong and vital is ever really unattractive in appearance.

The homely girl who wants to be popular does well to learn how to do things. If she has any musical talent whatever let her learn how to play the piano, so that she can play good dance music to popular songs. Such a girl is always the center of the crowd in any gathering of young people. And she should be generous with her accomplishments, not one of the kind who have to be begged and persuaded and coaxed and bribed before she will touch the piano.

Let her then qualify in outdoor sports and learn to play a good game of bridge. The girls who can fill in and take a hand at anything that comes along and who are good sports are always in demand.

If a girl hasn't beauty she needs brains. The homely girl should re-

to others. Self-consciousness is only an excess of shyness. Get busy turning the spotlight on those about you and you will cease to think of how you look yourself. Think of other people and you will not remember yourself.

Finally, I would remind the homely girl that there are charms of the spirit more compelling than any charms of the body, and that even in this sordid world there are girls who have a sweet disposition and a sunny temper, who are unselfish and have a heart full of sympathy and understanding, need waste no tears on bemoaning her lack of a peach-and-cream complexion and golden locks.

For the charms of the soul are the charms that win and hold us.

QUESTIONS ANSWERED.

Q. What salary did the ex-Kaiser receive per year when ruler of Germany? N. C. D.

A. William II of Germany received \$13,141,145 per year.

Q. What is the Santa Fe Trail? G. I. T.

A. The Santa Fe trail was an overland route between Independence, Mo., and Santa Fe, N. M., over which the commerce of the plains was carried on for more than a generation before the building of railroads.

Q. Is boiling water as hot on a mountain top as at sea level? H. L.

A. Water boils at a lower temperature at a high altitude than at sea level. Therefore it is not as hot when it boils. For this reason it requires much more time to cook beans, for instance, in Colorado than in New Jersey.

Q. Where and when did the idea of Santa Claus originate? J. D. V.

A. St. Nicholas was a fourth century bishop in Asia Minor. His feast in Germany was a time of presents and feasting in various places. St. Nicholas began to be mimicked by a man dressed as a bishop, who brought gifts to children.

Q. What is the salary of the President's private secretary? H. D. V.

A. The salary of the President's private secretary is \$7500.

Q. May the President of the United States hold his office for three or more terms? I. F. V.

A. There is no provision in the Constitution prohibiting the President from serving three terms, but the idea is always opposed by popular opinion. George Washington refused a third term, and this precedent has held throughout the entire history of the United States.

Q. What is the present value of the peso, or Honduran dollar? M.

A. The peso of Honduras is now worth a little more than 75 cents in United States currency.

Letters should be signed and personal addresses given. Letters will be published or withheld at the editor's discretion. Letters are not for publication should be in "editorial" language, and are subject to editorial revision.)

Can You Imagine?

LOS ANGELES, Aug. 6.—[To the Editor of The Times:] Can you imagine a city the size of Los Angeles permitting a flock of buildings

washers to hose off the large business and office buildings during commercial hours, when the streets are crowded with pedestrians? It is no doubt a good thing and a big improvement to brighten up the many buildings by washing the surfaces. In many instances this method is equally as good as a coat of paint. I would suggest that this work be performed at, say, commencing at midnight and continued until daylight. During these hours the streets are practically vacant, and the torrents of water falling on the sidewalks in the early morning hours would only sap the possibly a few night hawks. On several occasions this building washing was performed when throngs of folks were en route to the several

theaters between the hours of 7 o'clock and midnight, and the passerby got a double dose going and coming. Having to walk in the street, dodge street cars and autos to avoid the artificial downpour is very annoying and this system of irrigating the fronts of buildings should be done between certain hours when the majority of pedestrians have vacated the business streets. C. M. SIMPSON.

About the Irish.

LONG BEACH.—[To the Editor of The Times:] Time was when the Irish were mistreated, but when King Edward VII ascended the throne he extended his influence to ameliorate the condition of the

Irish people and anyone who is unbiased will admit that conditions have greatly improved in Ireland during the last twenty-five years. About that period the writer, in conversation with an Englishman, took the Irish end of the argument, the latter in return replied: "If the Irish would stop raising hell and try some other crop it would be better for them."

A puzzling feature to understand is why the Protestant Irish in Ulster are so much more thrifty and prosperous than the Catholic Irish living in the other parts of Ireland. The differences in opinion seems to be the one thing that divides the Irish. The Orangemen are more loyal to Great Britain than the Englishmen themselves. The Irish are a fine race in many respects, but they are hot-headed and go off half-cocked. (An aunt of the writer's married son would be called a very decent sort of a chap.)

The fact of being the grandson of a Scotchman entails no degree of pro-British sentiment from the viewpoint of the writer. Harking back fifty years the Irish question was with us as a serious problem and the Irish fought each other all over the city.

Masses, Dunne, Walsh and Ryan, who claim to be a committee representing the Fenian element, through the courtesy of the British government, are allowed to visit Ireland, presuming they would conduct themselves like gentlemen. From their own admissions, they played the role of spies and agitators.

How long will the plain American citizen have to endure spending his money and supporting foreign elements who masquerade as Americans with a hyphen before their Americanism?

"Foreigners" should reside continuously in the United States for twenty-one years before they are given the right of citizenship. A Tammany brave once informed the writer that he was naturalized in three weeks after he landed at Castle Garden, and voted within a month after his arrival from the Emerald Isle. W. B. McDONALD.

450 Ohio Avenue.

Asks Fair Play.

LOS ANGELES, Aug. 6.—[To the Editor of The Times:] In view of the fact that there is to be stationed on this coast a large number of fighting ships to be known as the Pacific Fleet, on which there will be many thousands of men and officers from all parts of the country, I wish to take the liberty of calling your attention to a few conditions that exist on the Atlantic Coast.

The hope that such conditions will never arise on the Pacific Coast.

At the present time and during the war with Germany, certain cities on the Atlantic Coast made a practice of overcharging officers and enlisted men in the navy, and the same are held in great contempt in the navy, and if ever a bluejacket has a chance to avoid a "bluebird" in one

of them he will spend money to do so. The personnel of the navy, in the extent that in Norfolk, Virginia, place as a protest against the man in a riot with a knife and in one instance a man was killed in a riot with a knife.

The idea of providing entertainment for sailors in these cities is unheard of. As a person from whom take a little extra money, that is done there.

The result of this overcharging is that the sailors avoid those cities and in writing to the States advertise the cities as cheap, robbing and overcharging.

At the same time, the sailors are stationed here in "hot" spots, so far, have been fairly.

Now we have a good word on this coast. Let us keep it so.

By treating the man as he is treated, fairly, the money he will spend hundreds of dollars with us and will be spending his money and supporting the world by letters and money.

The result will be that a reputation throughout the world for squandering and for every sailor in the navy will be "cheap" and "robbing."

I am writing this to leave editorial on the subject, and to prevent the preventing the influence of the result of the spending his money and supporting the world by letters and money.

The result will be that a bad name and reputation will be spread his money and supporting the world by letters and money.

I write of conditions on the coast from personal experience. These conditions are in New York City, New York.

All the sailor asks of the community is fair and honest treatment. Yours truly,

HOWARD W. WILSON.

Enclosed find three cups of milk and three cups of cream.

One cupful of bread.

Two cupfuls of cream.

Two tablespoonfuls of parsley, celery top or green.

One-fourth teaspoon of onion.

Two teaspoonfuls of salt.

One tablespoonful of onion.

FOOD STORES CANNOT CLOSE
Owing to Perishable Nature of Goods Say Must Stay Open Tomorrow.
Owing to the perishable nature of their merchandise, retail grocers, meat markets and the public markets announced yesterday they will be compelled to remain open tomorrow. It is pointed out that tremendous quantities of fresh meats, fruits and vegetables received daily by these merchants would be a complete loss through spoilage, and this makes it necessary for food merchants to carry on their regular Saturday business.
The fact that the following day is Sunday makes it also quite important to remain open, they say, since to keep a two-day supply of fresh foods on hand is a problem for most housewives.
FOR ELECTRICAL MEN.
Varied Programme is Planned for Pacific Coast Meeting.
More than 100 members of the Pacific Division, American Institute of Electrical Engineers are expected to attend the eighth annual Pacific Coast convention in this city, September 13, 14 and 15. It was announced yesterday by Clarence C. Cole, chairman of the division.
Problems confronting the engineers of the section will be dealt with in a series of papers to be given to the long-distance, high-power voltage, transmission systems now in use by the big power concerns of this State. Papers on this subject will be read by Prof. R. W. Sorenson of Throop College of Technology, and by George E. Armstrong, and H. H. Cox, Prof. H. V. Carpenter, dean of the College of Mechanical Arts and Engineering of the University of California.
The conference will also feature a number of papers on "Wave Forms," and there will be a symposium on operating difficulties with a number of Pacific Coast engineers participating.
This is the second time the convention has been held in Los Angeles and a varied entertainment has been planned for the delegates.
AUTHOR'S READING.
Minnesota Professor Delights Many at U. of S. C. Session.
The closing of the series of public lectures in the summer session of the University of Southern California was given yesterday afternoon by Dr. Richard A. Burton, professor of English literature in the University of Minnesota. Dr. Burton gave an author's reading, dividing the time between prose and verse. Of the former he read an essay, "The Confessions of a Leech," which he gave a humorous picture of his own experiences on the platform. He also read a paper, "My Friend the Clown and the Writer of 'York,'" the latter apropos of the Dickens course he has given during the summer session.
Among the poems from various volumes of his verse were "The Human Touch," "If We Had the Time," "Black Sheep," "The Second Fiddle," and "The City." The readings were interspersed with comments upon them and interesting incidents connected with their composition.
TOOK HIGH JUMP.
Mexican Said to be Stealing Shoes Leaps from Store Window.
Leaping from a second-story window at the Fifth-street store, after breaking away from a woman detective of the Nick Harris Agency, who had discovered him in the alleged theft of a pair of shoes, Porfirio Mesa, a Mexican, aged 24 years, was brought to the Receiving Hospital shortly before 3 p.m. yesterday for examination as to his injuries. He was found to have a broken nose and internal injuries, as he lay upon his feet.
According to the Receiving Hospital authorities the man is a "hop head" and was evidently attempting to steal a pair of shoes in order to obtain the money for drugs to satisfy his craving. He was later booked at the police station on the charge of shoplifting. He gave his address as 725 South Pickett street.
JAPANESE DYING.
Condition of Men in Street Gun Fight is Critical.
Reports from the County Hospital late last night stated that the Japanese who engaged in a three-cornered gun battle before the Japanese Chamber of Commerce, San Pedro and Jackson streets, Wednesday night, were in a critical condition and that none are expected to live. T. Nakamura and O. Kaneda were immediately operated on at the Receiving Hospital, while K. Demizu was sent to the County Hospital for medical treatment.
WANT SUB BASE.
San Pedro Chamber of Commerce Backs Project—Elected Officers.
[LOCAL CORRESPONDENCE.]
LOS ANGELES HARBOR, AUG. 7.—Ray Mitchell was elected president of the San Pedro Chamber of Commerce today at the annual election held by the new board of directors. The other officers are C. F. Waite, first vice-president; Edwin Sandison, second vice-president; and Len T. Johnson, treasurer. I. G. Lewis was again appointed secretary, a position he filled last year.
Much of the time the directors was taken up this morning with confidential reports concerning the proposed submarine base site in the outer harbor. The San Pedro chamber was instrumental in having the site submitted to the Helms board on its trip to the Pacific Coast. The acceptance of the site will be followed with an effort to secure the necessary funds for the personal inspection, to ask for an appropriation for the work.

DISMISS HEADS OF DEPARTMENTS
Fire and Police Chiefs Under Cloud at Long Beach.
Accuse Fire Fighter of Taking City Property.
Officials Express Determination to Fight Charges.
George Clarence Crow, Chief of the Long Beach fire department, was arrested on a charge of felony embezzlement, yesterday afternoon, and later in the day Charles C. Cole, Chief of the police department of the same city, was formally charged with misconduct and inefficiency.
These are the principal developments of yesterday in connection with the Public Safety Department scandal that has shaken the beach town for the past three weeks.
Fire Chief Crow is at liberty on \$1000 bail. Chief of Police Cole says he will not resign and will fight the charges.
The complaint against Fire Chief Crow recites that between December 18, 1917, and June 11, 1918, he appropriated to his own use 114 gallons of gasoline and eleven quarts of lubricating oil belonging to the city of Long Beach. The gasoline and oil are valued at \$27.75. The complaint charges as a second count that on or about September 11, 1918, Chief Crow "unlawfully, feloniously and fraudulently did convert, steal and appropriate" two automobile tires, valued at \$22, the property of the municipality.
Crow has been Chief of the local department since the late Chief Shrewsbury was killed in an automobile accident while going to a fire, May 2, 1918. He and Chief Shrewsbury were prominently identified with the organization of the local volunteer department in 1902 and he has been in the service continuously since that time. He has resided in Long Beach about thirty years.
The complaint suggests that when Chief Crow is brought to trial evidence will be introduced intended to show that the fire head used the city's gasoline in his own automobile and for his personal needs.
Later in the day Chief of Police Charles C. Cole was directed by Safety Commissioner William M. Peak to proceed to the office of Dr. A. P. Hamman, secretary of the Civil Service Commission, where Dr. Hamman and Thomas W. Williams, president of the commission, read to him a three-page typewritten set of charges alleging misconduct and inefficiency in managing his department.
Before entering the office, Chief Cole declared he had no knowledge of what the charges might be, but that whatever they were, he would fight them rather than resign. After hearing the charges, a copy of which was handed to him, and by him turned over to his attorneys, Swaffield & Swaffield, he reiterated his declaration to resist efforts to oust him.
In charging that Cole's conduct had been "unbecoming to a police officer and Chief of Police," the complaint, drafted by Special Investigator Ben W. McLendon, a police sergeant, and Attorney J. W. Wright, alleges that on or about June 1 of this year Cole was aware gambling was going on in the Eagles' Hall, that he was informed drinking and carousing were in progress there and that he notified officials of the Eagles, asking what police officers they would prefer be sent as investigators.
That Cole "either directly or indirectly protected or attempted to protect vice," is alleged, and that he "offered protection for a police officer against whom charges were pending." It is stated further he failed to suspend Sgt. Ralph Powell in September, 1918, after the latter is alleged to have sworn falsely at a hearing involving Patrolman J. I. Butterfield. The charges further aver that Cole "afforded protection for men charged with immoral conduct June 28, 1919, permitting them to be booked under fictitious names."
Neglect of duty is alleged also in failing to enforce an ordinance prohibiting persons in bathing suits from appearing on business streets north of Ocean boulevard, and in failing to enforce the ordinance regarding the height of awnings.
Cole is accused in the document of absconding himself from his post without putting a man in charge in his place, with failure to maintain harmony in the department, and with failing to suspend Sgt. Powell when the latter was arrested on a criminal charge a month ago.
YOUNG WIFE DIVORCED.
According to Mrs. Edna St. Clair in Judge Taft's court yesterday her husband, Charles P. St. Clair, said he was 28 years old when he married her in Santa Ana, April 9, 1914. She was only 18 then, and yesterday she was granted a divorce on the ground of desertion. Mr. St. Clair is alleged to have stated he was too old and his wife too young.
WANTS CHILDREN BACK.
Albert J. Gilbert, a railroad auditor, filed a second suit yesterday in an effort to recover the custody of his two children. His marriage was the result of a romance, the bride being Maria de la Cruz Gilbert. She fought the first divorce suit and got the children. The court held her husband had not proved his charges against her.
MANGLED BY RIP SAW.
Frank Smith, of the Wooden American Products Company of 1774 Santa Fe street, yesterday lost his right thumb as the result of catching his hand in a rip saw at the place where he is employed as a carpenter. His injuries were dressed at the Receiving Hospital. The hand is so badly mangled that he may lose other fingers, it was said. The injured man was later taken to his home at 2316 East Thirty-seventh street.
VETERANS VISIT FLEET.
[LOCAL CORRESPONDENCE.]
SOLDIERS' HOME, AUG. 7.—An order just issued from headquarters announces that Saturday will be observed at this branch as a general holiday, to give the members and employees an opportunity to view the arrival of the Pacific Fleet. All labor excepting such as is necessary will be suspended during the afternoon. The regular inspection will be held Friday at the usual hours.

Oldest Dry Goods Store in Los Angeles *Best in Dry Goods Since 1878*
Coulter Dry Goods Store
FOUNDED - 1878
Seventh Street at Olive

WORKMAN HURT
IN EXPLOSION.Pasadena Factory Employee Is
Victim of Accident."Y" Worker Soon to Return
from Work Abroad.Other Notes of Interest from
the Crown City.

PASADENA, Aug. 7.—One man was seriously hurt and the Akron Vulcanizing Works at 46 West Colorado street damaged by the explosion of a tire mold in the workshop of the plant today. The injured man was Martin Costa, an

employee of the vulcanizing plant, who was at work at the mold when the explosion occurred. The force of the explosion blew pieces of metal at the workman, seriously gashing his arms and face. He was taken to Pasadena Hospital. He will recover. The fire department was called following the explosion but the fire it caused had been extinguished with little damage.

RIDES FOR SAILORS.
The Pasadena reception committee is planning to give jacksies from the Pacific Fleet who visit the city Sunday, Monday and Tuesday free automobile rides through the city and refreshments at the Soldiers' and Sailors' Club.

WINDING UP WORK ABROAD.
Overseas affairs of the Y.M.C.A. will be wound up within two months and Leon V. Shaw, Pasadena banker who went to France with a number of other American big business men to direct the closing up of the "Y" work, will return early in October, according to letters received here by

Mrs. Shaw from her husband. Mr. Shaw is cashier of the National Bank of Pasadena.

MOVIES AT DEVIL'S GATE.

The building of the flood control dam at Devil's Gate in the Arroyo Seco is providing a tempting location for the directors of the motion-picture companies of Hollywood. Hardly a day goes by but sees a putted director megaphoning instructions to dare-devil leading men who dangle in the dam workings.

MANY VISIT PASADENA.

Eighty per cent. of the travelers who come to California over the Santa Fe Railroad visit Pasadena, according to estimates prepared by W. R. Flynn, Pasadena agent of the Santa Fe. Travel from the East has been unusually heavy this season. Mr. Flynn reports, and that Pasadena is having a good summer season is further attested that the guest list at the Hotel Maryland is 75 per cent. larger than at the same period last year. The summer is proving a comfortably cool one in Pasadena.

When a Feller Needs a Friend. By Briggs.

TARIFF RATES
PIE FOR BILLY.

[LOCAL CORRESPONDENCE.]
TULARE, Aug. 7.—A Tuganburg billy goat of distinguished lineage did what no mere human has been able to do. He has thoroughly digested the tariff rates of the American Railway Express.

C. E. Eldridge opened a freight room at the office of which he is agent to find that during the night Billy had butted his way out of a crate, in which he had been shipped here for delivery to a Tulare rancher and had made a meal off the office records. Agent Eldridge telegraphed for a new book of rates and telephoned the owner of the goat to claim his property before Billy ate up the office safe.

STRICT PROBATION.

Los Angeles Men Held as Wards of Orange County Court.

[LOCAL CORRESPONDENCE.]
SANTA ANA, Aug. 7.—J. B. Hansen and W. D. Elton, young Los Angeles men, must walk the "straight and narrow" for the next fifteen years or serve a penitentiary term, according to terms of a probation order given them today by Superior Judge Z. B. West.

The men had pleaded guilty to robbing Frank Leaby of \$45, after they had beaten him over the head. Leaby, who lives at Long Beach, had given the men a ride in his automobile and the robbery occurred near Serra, where they were forced to stop by damages to the auto.

Under the terms of the probation order, Hansen and Elton must attend church services at least twice a month, and prove to the court that they are not using any pool billiard room and from the use of intoxicants and harmful narcotics, and they may not leave the eight southern counties of California. They must pay back the money they took from Leaby, and report to the local probation officer regularly every two months during the first two years of their probation, and every three months during the remainder of the fifteen-year period.

SANTA ANA LICENSES.

[LOCAL CORRESPONDENCE.]
SANTA ANA, Aug. 7.—Marriage licenses here: William Warren Hooker, 21, and Ivy Jeanette Stephenson, 18, both Los Angeles; Frank Bollet, 35, Chicago, and Edith L. Nelson, 48, Bangor, Me.; Nickolas Quocio, 23, and Marie Anderson, 22, both Los Angeles; Henry Albert Davies, 36, and Pearl Frances Rupert, 34, both Imperial Beach; Paul Muro, 19, and Antoni Lamas, 18, both Anaheim; John Magnus Olsen, 33, and Della Margaret Henriot, 30, both Los Angeles; William Dore Paston, 18, and Leona Bernice Hahr, 19, both Redlands; Will Reed, 40, and Louise Morgan, 35, both Los Angeles; Nicholas Morales, 22, Montebello, and Maria Hernandez, 21, Fullerton; Lafayette Jackson, 33, and Vena Hill, 18, both Long Beach; George A. Van Devier, 55, and Harriet Weiss, 50, both Los Angeles.

STOP CARD GAMES.

[LOCAL CORRESPONDENCE.]
LONG BEACH, Aug. 7.—A new order strictly forbidding playing for money, checks or anything of value, either in clubs or elsewhere, was promulgated by local authorities today. The rule will be rigidly enforced, the police stated. Billiard halls, lodges and other institutions were advised of the order.

VETERANS ELECT.

Southern California Association Closes Enjoyable Camp.

[LOCAL CORRESPONDENCE.]
HUNTINGTON BEACH, Aug. 7.—Comrade O. H. Mayhew of Santa Ana, for several years active in G.A.R. circles of Southern California, was elected the new commander of the Southern California Veterans' Association here today, during the annual association encampment.

Other officers chosen are the following: Senior vice-commander, W. C. Miles, Tulare; Junior vice-commander, A. H. Thomas, Huntington Beach; chaplain, B. R. Norton, Glendale; D. W. Hanson, Buena Park; council-at-large, E. C. Seymour, Highland, and J. W. Van Hornes, Los Angeles; council, R. H. Butler, Santa Ana; quartermaster, A. B. Paul, Santa Ana.

These officers were to be installed this evening, together with auxiliary officers elected this afternoon. This is the last official act of the encampment and tomorrow good-byes will be said—perhaps for a year, perhaps for eternity—and the veterans and their parties will return to their homes, carrying with them the memory of another happy ten days spent at the Arbanam camp.

COMBAT LABOR SHORTAGE.

[LOCAL CORRESPONDENCE.]
EL CENTRO, Aug. 7.—A definite proposal for supplying Imperial Valley cotton planters with Mexican cotton pickers will be made this afternoon at a meeting called by the County Farm Bureau for the purpose of avoiding the shortage of the San Gabriel Valley Investment Corporation.

Pat O'Brien, labor contractor of Yuma, will be present with a proposition to furnish 1000 Mexicans upon ten or fifteen days' notice, in small or large lots, as desired, with a guarantee to hold them to their contracts.

POSTMASTER AT TULARE.

[LOCAL CORRESPONDENCE.]
TULARE, Aug. 7.—J. J. Mitchell, who has been serving as acting postmaster here for the last five months, has been advised from Washington of his appointment to the post permanently. Mr. Mitchell's appointment marks the end of a spirited contest for the position, the other aspirants being J. E. Noyes, Monroe Swyers and R. M. Lee, all well-known business men here.

IS COUNTY ENGINEER.

[LOCAL CORRESPONDENCE.]
SAN LUIS OBISPO, Aug. 7.—Warren B. Birch was today appointed by the Board of Supervisors to the position of County Engineer, to enter upon his duties September 1. Birch, who came here with the Highway Commission ten and a half years ago, has been employed as City Engineer for the last four years.

REFUSE ALL RIDES.

[LOCAL CORRESPONDENCE.]
CALEXICO, Aug. 7.—The high school board at a meeting yesterday rejected all bids for painting the school house here, and decided to have the work done by the day. The board will now advertise for bids on 300 gallons of paint.

NO JUSTICE OF THE PEACE.

[LOCAL CORRESPONDENCE.]
BRAWLEY, Aug. 7.—No action having been taken on the resignation of Justice B. F. Morris by the Board of Supervisors at their meeting this week, Brawley township is without a justice of the peace, according to the interpretation of Maj. S. Cook, County Clerk.

NEW RADIO STATION
AT POINT HUENEME.

GOVERNMENT DECIDES TO LOCATE SET OF HIGH-POWER APPARATUS.

[LOCAL CORRESPONDENCE.]
OXNARD, Aug. 6.—Orders have been issued by the United States Navy Department for the construction of a powerful wireless radio station at Point Huemene, four miles from this city. Work on the structure is to begin at once and is to be finished within two months.

Two officers from Mare Island, D. Dinkley and M. Standish, of the United States Navy, were at Huemene recently to make an official inspection and recommendations. As the result of this visit, Henry J. Rosendale, lighthouse keeper at the point, today received a communication from San Francisco telling of the plans of the radio station. It is said that the station at Huemene will be one of a chain of such stations established at various points where there are lighthouses on the Western Coast from the Mexican border to the northern boundary and in Alaska. They will be of the compact radio type and are for the protection of boats plying along the coast, so that these boats can keep in constant communication with the shore at all times.

The station at Huemene will consist of two medium height wireless masts, and will be in charge of a chief and four men.

FORM BIG SYNDICATE.

San Gabriel Valley Men Join In \$100,000 Corporation.

[LOCAL CORRESPONDENCE.]
POMONA, Aug. 7.—A \$100,000 corporation, the directors of which are prominent in the citrus growing and financial circles of this valley, has been organized, under the name of the San Gabriel Valley Investment Corporation. The chief business of the corporation will be the purchasing of large tracts of property, principally citrus groves, for the purpose of investments.

The incorporators of the company are: Frank H. Harwood of San Dimas, vice president of the company; J. J. Macchilton of San Dimas, a director of the San Dimas Fruit Growers' Exchange; A. M. Sealey, Henry Damsell, manager of the J. M. Riley Fruit Company; C. A. Griffith of Azusa; W. R. Powell of Azusa, a director of the Azusa National Bank and former member of the United States Exemption Board of this district; J. B. Stator, cashier of the Azusa National Bank; C. C. Warren of Glendora, and C. F. Gordon.

The headquarters of the corporation are in Azusa. At a meeting of the incorporators, to be held in the near future, further plans will be made for the conduct of the business.

CALL BOND ELECTION.

County to Ask \$1,500,000 for Series of Public Improvements.

[LOCAL CORRESPONDENCE.]
SAN LUIS OBISPO, Aug. 7.—The Board of Supervisors of this county yesterday passed a resolution calling a special election for September 23, at which the proposal to vote \$1,500,000 for the construction of a system of state roads, bridges and the acquisition of a site for a new court house, will be submitted to the voters. The proposed bond issue contains one item of \$150,000 for the construction of the San Luis Obispo-Carmel highway, by way of Cambria and San Simeon, and another \$100,000 item for the purchase of a site for the new court house. All portions of the county are provided for in the proposed bond issue.

INVESTIGATOR FILES
SUIT FOR FEES.

Hired to Spy on Man's Wife, Private Detective Now Wants His Money.

[LOCAL CORRESPONDENCE.]
VENTURA, Aug. 7.—Sensational charges are made in a suit filed in the Superior Court involving Searles Lewis of Camarillo, member of one of the best known families of the county.

The suit is brought by Joseph H. Holbrook, who states that he was employed for the sum of \$25 a week to spy on Lewis' wife in an effort to induce her to be seen in a compromising position with some man other than her husband. Holbrook says that he is what is called an "investigator" and that his work consisted in endeavoring to secure some man to "induce" Lewis' wife, Miriam, and the defendant's sister-in-law, Dorothy Lewis, to assume compromising positions with some man other than Searles Lewis and Guy Lewis at the special request of Searles Lewis from May 12, 1933, to August 13, 1933.

Holbrook says that he was to be paid \$25 a week for this work, the total sum amounting to \$125. Or this he has received \$7. He has brought suit for the \$118.

MILLIONAIRE LEAVES
FORTUNE TO WIFE.

ESTATE HELD INTACT EXCEPT \$40,000 BEQUEATHED TO SISTER.

[LOCAL CORRESPONDENCE.]
REDLANDS, Aug. 7.—The will of Oliver Hewlett Hicks, millionaire of this city who died at his home on the Heights here recently, has been filed in the Superior Court of the county. The will leaves the entire estate with the exception of \$40,000 to his wife, Gertrude Hicks, and makes her the executrix of the estate.

The will provides that the \$40,000 named shall go to his sister, Mrs. Marietta K. Johnson of Chicago, to provide a trust fund that will provide for her maintenance and support. She is also given a year income. She is also given a year income. She is also given a year income.

On the death of his wife the entire estate goes to the Old People's Home of Vincennes avenue in Chicago. There are no children. Mr. Hicks was rated as a millionaire. The will gives no information concerning the extent of the property.

RANCHER ENDS LIFE.

Pulls Trigger With Tox, Sending Bullets Into Brain.

[LOCAL CORRESPONDENCE.]
PORTERVILLE, Aug. 7.—W. M. Thompson, 45, widely-known resident of the Rockford section, here, took his own life at his ranch home last night, by shooting himself through the brain.

Thompson went home late in the afternoon, as was his custom, and took his rifle, which he customarily carried while working with his cattle, as a protection against an unruly animal. He was alone when he left for the pasture a shot was heard and an investigation followed. Thompson had been shot in the head, and seated beneath a tree, had placed the muzzle of the gun to his head and pulled the trigger with his toe.

Thompson had been a resident of this district for a score of years. He is survived by his widow and three children.

SEEKS LOST DAUGHTER.

PORTERVILLE, Aug. 7.—G. Frank, who is touring California and camping by the wayside when fancy takes him, is searching for his daughter, aged 15, who disappeared from the Frank camp, near Ducor, south of here, in company with \$600 Frank had hidden in a trunk. He told the officers she was a passenger in an automobile of a Mexican rancher, who had visited the camp a number of times, and whose name Frank had been unable to learn.

Frank, who says he is a Brazilian Portuguese and that he came here a few years ago from South America, said he had no desire to swear to a warrant for the Mexican's arrest. "Let him bring back my daughter and my dollars," he said, "and he may go free."

TRUCK SMASHES AUTO.

[LOCAL CORRESPONDENCE.]
POMONA, Aug. 7.—Crashing broadside into an automobile in which Mr. and Mrs. F. M. Scott of San Bernardino were passengers, a big truck, on Foothill boulevard, just north of La Verne, sent the smaller car rolling into the ditch today. None of the occupants of the machine were seriously injured, although they were all taken to Pomona Valley Hospital, where their injuries were dressed. The name of the driver of the truck was not learned. It bore the number 411518, according to the police report.

THE GUMPS—ANDY STAYS AT HOME FOR A REST.

My, but Isn't Jeff Having a Corking Time, Though?

By Bud Fisher.

My, but Isn't Jeff Having a Corking Time, Though?

By Bud Fisher.

My, but Isn't Jeff Having a Corking Time, Though?

By Bud Fisher.

Byron Houck Breaks Tigers' Losing Streak.

BYRON HOUCK AT HIS BEST.

Esick's Right-Hander Holds
the Seals Scoreless.

Heaver Seaton Blows up in
the First Inning.

Bobby Meusel Crabs and Is
Chased Off Grounds.

SEATTLE, Aug. 7.—Tom Seaton pitched to just six batters at Oakland today yet he is charged with the defeat and that puts a sink in his column of wins. Long Tom could not get going and before he was lifted the Tigers had shoved over two runs. That was enough for them to win for Byron Houck had one of his good days and specialized in pitching the pop-up ball. The result was that Vernon won 3-0.

Seaton got Mitchell the first man who faced him. Chadbourne drove a single to left and so did Meusel. That frustrated Seaton so that he passed both Borton and High, the last pass forcing a run over the rubber. Fisher drove a short single over second base scoring the second run and then Long Tom called it a day and Spider Baum went on the job.

BEAT OUT HIT.
By dint of much grunting and grunting the Spider got out of that inning with no more damage done and he sailed along for two whole innings after that before the Tigers scored again. He had two men out in the fourth before a man got on base, when Byron beat out a hit and so did Mitchell. Then along came Chadbourne with a shot to right field for two bases that scored them both.

High's two-bagger in the fifth was cashed into a run on an out and a wild pitch and after Herbie Hunter had gone to bat for the Spider in the fifth, young Hal Dimock, a demon left-hander, finished the game for the Seals. He got by with four innings he worked and he had the distinction of striking out Bobby Meusel in the ninth.

ANOINTS BALL.
Bobby was so chastened when Umpire Finney called the third strike that he talked himself out of the game and out of some coin. The Seals could not get going against Houck who took plenty of time to smother the ball and he put something on it that made it hop and shimmy, until the lousy efforts of Phil Koeper, Carl Zamach and other club widders resulted only in

SHIP CAFE
Venice-by-the-Sea
Bring Your Own
Beverages

feeble pop-ups with men on the bases.
Once in a while the Seals indulged in a batting rally by getting a man passed to first base but there he stuck until his whiskers sprouted. After the first inning the result was never in doubt. The score:

SEATTLE	SEATTLE	SEATTLE	SEATTLE	SEATTLE	SEATTLE

SEATTLE (Wash.) Aug. 7.—With Charles Mullen participating actively as Seattle's new manager, the local club annexed a second shutout victory from Portland today, 2 to 0.

Seattle's new manager, Charles Mullen, pitched the second game for the team on the strength of the New York club restraining the American League from preventing Mays from pitching. Papers to the effect were served last night on Hillbrand and Moriarty, the umpires, and Robert Quinn, the manager of the St. Louis team. The umpires held a consultation, but made no effort to stop Mays from pitching. There was considerable kicking by St. Louis over the ball Mays was using and Umpire Hillbrand retained one of the balls to forward to league headquarters. Scores:

IN THE BIG LEAGUES.

AMERICAN LEAGUE.

**CARL MAYS PITCHES
YANKS TO VICTORY.**

NEW YORK, Aug. 7.—New York and St. Louis broke even today, St. Louis winning the first game, 3 to 2, and the Yankees winning the second, 3 to 2. Carl Mays, the pitcher suspended for the season by Ben Johnson, president of the American League, pitched the second game for New York on the strength of the New York club restraining the American League from preventing Mays from pitching. Papers to the effect were served last night on Hillbrand and Moriarty, the umpires, and Robert Quinn, the manager of the St. Louis team. The umpires held a consultation, but made no effort to stop Mays from pitching. There was considerable kicking by St. Louis over the ball Mays was using and Umpire Hillbrand retained one of the balls to forward to league headquarters. Scores:

BASEBALL NOTES.

Tommy Long, recently returned from France, reported at the ball park yesterday and worked out with the Angels and Oaks. Long, who was with the Tigers last season, left last night to join them in San Francisco. He played some ball "over there" and appears to be in good shape. Long did not know the Tigers were in the north, and for that reason reported here.

Trainer Finley announces that Vic Aldridge is in shape to take his turn in the box, and the former Cub is likely to be started any time now.

There is a popular prejudice against small pitchers, and as a rule this is justified. However, occasionally a "little giant" bobs up. Jack Warhop was one of the exceptions. Then there is Paul Fittery, who lacks a lot of being a monster. Gearin is probably the smallest to step into a class AA box, and if he continues to improve may pitch his way into the majors.

The story that Pitcher Mays hit a spectator with a baseball before leaving the Boston club is denied by J. Cal Ewing, who witnessed the game in question. In fact, the only man hit was Mays himself, who was badly "beamed" by the catcher who was endeavoring to throw through to second. Few baseball men are with San Johnson in his controversy with the New York club. The consensus of opinion is that he has over-reached himself, and that a controversy between a player and his manager is not the business of the president. Johnson tackled a big man and a level-headed man when he tangled with Capt. Huston. Huston has large business interests, is one of the ablest engineers in the country, has served the United States in two wars and is a credit to baseball. Indeed, the game is fortunate to have a man of his standing and ability identified with it.

CINCY MASSACRES BROOKLYN.
CINCINNATI, Aug. 7.—Cincinnati indulged in much free hitting today and ran up a score of 13 to 0 in the last game with Brooklyn. Eller pitched remarkable ball, only 21 men facing him in the nine innings. He allowed two hits and issued no passes. The score:

CINCINNATI
BROOKLYN

**BROWN HEAVES
FINE BALL.**

In the third, Fournier walked. Crawford picked out a low down slant and smashed a low grounder at Grover. The latter apparently had been expecting a high grounder and didn't get the ball. Fournier scored. Fournier went to third and counted on a sacrifice fly by Boles. Gearin was taken out for a pinch hitter in the eighth, which is merely mentioned to keep the record in the case clear. The score:

BROOKLYN
CINCINNATI

FINISHES FIRST

Captures \$3000 Plain Dealer
Prize in 2:08 Trot.

Periscope Makes Best Time of
Youngsters of Season.

Edith Carter and Jack Keith
Win 2:12, 2:14 Events.

CLEVELAND, Aug. 7.—J. L. Dodge of the Hollywood Farm, Lexington, Ky., had a field day at North Randall today, furnishing winners of the two feature events of today's Grand Circuit meeting.

Trotting the fastest two heats of the season for 3-year-olds, Dodge drove Periscope to the front in straight heats in the championship, valued at \$1000, and in the \$1000 Plain Dealer purse. The first heat in 2:08 1/4, the second in 2:09 1/4. The fastest heat in 2:08 1/4 was won by Periscope, but under struggle with the field, he was forced to concede the race to the favorite, Brantford, third. The first heat in 2:08 1/4 was won by Periscope, but under struggle with the field, he was forced to concede the race to the favorite, Brantford, third.

The 2:12 trot went to Edith Carter, while the 2:14 pace went to Jack Keith. Both won in straight heats and were the only favorites of the day to win. The fastest heat in the 2:12 trot was 2:08 1/4 and in the 2:14 pace, 2:08 1/4.

The 2:12 trot was won by Edith Carter, while the 2:14 pace went to Jack Keith. Both won in straight heats and were the only favorites of the day to win. The fastest heat in the 2:12 trot was 2:08 1/4 and in the 2:14 pace, 2:08 1/4.

About

MUCH criticism of the work of some of the recent ice cream makers seems to be an impression of ice must never change. The facts are that the families is only 40% higher in 1913, while the following advanced as follows:

Milk, fresh, bottled, 10¢ per quart.
Carnation Milk, large, 10¢ per quart.
Eggs, local, candied, 10¢ per dozen.
Potatoes, new, large, 10¢ per bushel.
Canned Corn, Country Gentleman, 10¢ per can.
Cheese, Eastern, 10¢ per pound.
Beans, Lady Washington, 10¢ per can.
Macaroni, 10¢ per box.
Flour, Globe A-1, 10¢ per barrel.
Lard, Premium, 10¢ per pound.
Crackers, Crisp Soda, 10¢ per box.
Ham, Cudahy Diamond C, 10¢ per pound.
ICE FOR FAMILY USE.

A great deal of the newspaper work of the summer months is done by the ice cream makers. The facts are that the families is only 40% higher in 1913, while the following advanced as follows:

Milk, fresh, bottled, 10¢ per quart.
Carnation Milk, large, 10¢ per quart.
Eggs, local, candied, 10¢ per dozen.
Potatoes, new, large, 10¢ per bushel.
Canned Corn, Country Gentleman, 10¢ per can.
Cheese, Eastern, 10¢ per pound.

SELLING RUSH ON CHICAGO EXCHANGE

THREATENED ACTION AGAINST PACKERS TENDS TO WEAKEN THE SECURITY MARKET.

CHICAGO, Aug. 7.—Threatened Federal action against the packers, together with renewed sentiment of stocks in the East, weakened the local security market today, and sent the close there was a rush of selling, chiefly of the packing shares. The market was heavily sold, and the Chicago stock exchange closed at 110 1/2.

Table with 4 columns: Bid, Ask, Last, and Change. Lists various stock prices and their daily changes.

MIDDLE WEST NEWS IN BRIEF.

INDIANAPOLIS, Aug. 7.—A pamphlet urging negroes "to assert their rights" was found on D. W. Edwards, 54, an L.W.W., when he was arrested today.

INDIANAPOLIS, Aug. 7.—The Indianapolis Post of the world war veterans today prepared to act upon the recommendation of the command-in-chief, H. H. Donnelly, of Aurora, Ill., who spoke here last night, to have Congress to enact legislation which will provide that all discharged service men shall receive a bonus six months' pay.

KENTLAND, Warren T. McCray, prospective candidate for the Republican nomination for Governor, was made defendant in a sensational suit to quiet a title brought in the Newton county circuit court here.

KANSAS CITY, Aug. 7.—O. M. Harber of the City Council, on retraction of a number of cities using automatic telephones, says they are sure to supplant girl-manned instruments as the self-starter supplied the motor vehicle.

KANSAS CITY, Aug. 7.—A law passed by the last Legislature designed to check motor car thefts became effective today. It requires all garages to keep records of cars and makes it a felony to alter a number on an engine.

ANNOUNCEMENT was made today of the reopening of the Auditorium Theatre, the largest in Kansas City, with a stock company next fall. James W. Castle will manage the company. The theater has been closed several years.

\$5,500,000 AUSTIN, NICHOLS & CO., Inc. 7% Cumulative Preferred Stock

Preferred as to Both Assets and Earnings Par Value of Shares, \$100 Dividends payable quarterly on the first day of February, May, August and November. Redeemable at option of the Company at 115 and accrued dividend.

Table with 3 columns: To be, Authorized, To be presently Outstanding. Shows financial details of the company's stock.

For information regarding the above Preferred Stock (to be issued by a new Company succeeding the present Austin, Nichols & Co., Inc.) we refer to a letter dated August 1, 1919, from Mr. Harry Balfe, President of the existing Company, who is to be Chairman of the Board of the new Company. Copies of said letter should be obtained from the undersigned. Mr. Balfe has summarized some of the statements in his letter as follows:

The company ranks as the largest wholesale grocery concern in the United States, the business having been established some 64 years ago. The position of the business is being greatly strengthened by acquisition of the stock of The Fame Canning Co., and control of Wilson Fisheries Co., providing an assured supply of high quality canned goods, and by the addition of the "Certified" and other grocery product brands popularized by Wilson & Co.

Consolidated sales for the last fiscal year were approximately \$38,000,000. Consolidated statement of total net assets, including new cash working capital now being provided and including earnings of current year to date, shows the equivalent of about \$160 per share for the new Preferred Stock, the net quick assets alone being over \$107 per share. This is exclusive of trade names, brands, etc.

Consolidated net profits (including those of the canning and fisheries business and the net results derived from the sale of "Certified" and other grocery lines for 1918 alone) after depreciation and before allowance for Federal Taxes, based on independent audits, for last three fiscal years, averaged \$1,378,947 per annum, these net profits for the last fiscal year being \$1,342,284.

Consolidated net profits for the current fiscal year, before allowance for Federal Taxes, are conservatively estimated at \$1,650,000 and after estimated Federal Taxes, at \$1,310,000 or about 3.40 times the annual dividend requirements on the new Preferred Stock. The company is not to create any mortgage on its real estate or equipment without the consent of at least two-thirds in amount of the outstanding Preferred Stock.

A cumulative sinking fund for the purchase or redemption of the Preferred Stock at not exceeding 115 and accrued dividends is to be created by setting aside annually from profits on March 1st, commencing with 1921, a sum equal to 3% of the aggregate par value of the Preferred Stock issued. Application will be made to list the Preferred and Common Stock on the New York Stock Exchange.

Messrs. Price, Waterhouse & Co., Public Accountants, have examined the books of the various constituent companies for the last fiscal year and Messrs. Kelly, Gray & Co., Certified Public Accountants, have audited the books of Austin Nichols & Co., Inc. for the past three years. The legal proceedings in connection with the issue of stock are being passed upon by Messrs. Cravath & Henderson and Messrs. Hornblower, Miller, Garrison & Potter. Delivery may be made in the form of interest receipts, which will, by their terms, be exchangeable for stock certificates "when, as and if issued."

A copy of the full provisions covering the rights and preferences of the Preferred Stock will be furnished as soon as available and reference thereto is made for all details. The above statements while not guaranteed, are obtained from sources which we believe to be reliable.

We offer the above Preferred Stock, subject to prior sale, when, as and if issued and received by us at NINETY-EIGHT and accrued dividend.

WILLIAM SALOMON & CO. HALLGARTEN & CO. New York Chicago 5 Nassau St., New York Represented by John O. Dresser 484 California St., San Francisco.

Richfield-Yorba Oil Company

THE NEW RICHFIELD OIL FIELD ORANGE COUNTY SCALE 1/2 INCH = 1 MILE

RANCHO CAÑON DE SANTA ANA

A NEW OIL FIELD IN SOUTHERN CALIFORNIA! Incorporated under the laws of California. Par value \$1.00 Capital 1,000,000 Non-assessable

California Permit, File No. 7395. OIL is today the biggest word in the money-making language. The RICHFIELD-YORBA OIL COMPANY holds a tract in the heart of the great new Richfield oil field in Orange County, California. This tract is situated within thirty miles of Los Angeles and is a first class hydrocarbon and is rich in oil. This tract reached a maximum of 2,000,000 feet of gas. We are offering the public a limited amount of our stock at 50 CENTS PER SHARE, par value \$1.00 per share. We offer you the opportunity to participate in one of the greatest oil fields in the world. OIL—The supply is far behind the DEMAND—Agriculture, industry, commerce and science are crying all the time for MORE and still MORE OIL.

WHY YOU SHOULD DECIDE TO BUY AT ONCE. As soon as we have raised sufficient capital to get down well No. 1 we shall not offer any more stock for sale. GRASP OPPORTUNITY NOW! SEE US TODAY!
